

Hot Topic: *Viewing Employee & Position Information in SAP*

HR Shared Services (HRSS) will host a Hot Topic session to discuss important infotypes found in PA View, PPOSE, and other transactions in SAP. The knowledge gained in this meeting will aid in problem solving and decision making as it relates to your employees.

This session will also provide assistance in how to submit complete and accurate ISR(s), help you to understand the importance of using PA View and PPOSE, and provide an explanation of the information contained on each infotype.

If you are interested in attending this Hot Topic meeting, please email HRSharedServices-Training@jhu.edu. Please insert "Hot Topic: Viewing Employee and Position Information in SAP" in the subject line and indicate the date and time in the body of the email.
